

**Spring Semester 2025 (06.01. – 10.01.)**

**BAN444 Digital Identity Management: Technology and Applications**

## **Term Paper Instructions**

### **Instructions**

We will provide the term paper topics on Tuesday, January 7 at 09:00 by uploading a document “Term Paper Topics” in this folder and unhiding corresponding groups in the "People → Groups" section in Canvas.

- **Step 1:** Please form groups of 3 students.
  - **Step 2:** Please select one of the term paper topics by self-assigning to the respective term paper topic group in Canvas (assignment is done on a first-come-first-served basis; the deadline for the self-assignment in Canvas is Friday, January 10 at 12:00). There is only one group per topic. Please note that we will re-assign students if their term paper topic group in Canvas does not have 3 members by the indicated deadline.
  - **Step 3:** We will be available for questions regarding the term paper topics on Friday, January 10 in the afternoon and via e-mail ([arieger@walton.uark.edu](mailto:arieger@walton.uark.edu), [johannes.sedlmeir@uni.lu](mailto:johannes.sedlmeir@uni.lu)). Please use the Friday slot if possible.
  - **Step 4:** Please work on your term paper topics (3500-4000 words, excl. references), using the provided Word or LaTeX templates. As guidance, we have uploaded the evaluation criteria for the term papers to Canvas. Please note that the term papers must be written in English.
- Step 5:** Please submit your final term papers through Wiseflow by the deadline indicated in Wiseflow (Monday, February 10 at 14:00).

**Please note that the grading is on a pass-fail basis (this may be important particularly for visiting students)!**
